CRAFT FOR GOOD

Add local colour to your events and do good for local communities

We connect organisers and planners with local craft communities throughout Asia to produce traditionally-crafted merchandise and collaterals for events.

Through this, we support local indigenous communities as well as keep their handicraft alive, by giving women an alternative livelihood to farming or fishing.

Examples of communities we have worked with include Lanjia Craft which employs Hmong and Lisu women villagers in North Thailand and Island Foundation which supports the sea gypsies of the Riau Archipelago, Indonesia.

What's more, sponsors love them as do customers. It supports Corporate Social Responsibility programmes and delegates love the beautifully-crafted items with a story.
